

X International Voevodsky Conference
“Physics and Chemistry of Elementary Chemical Processes”
(VVV-2022)

Novosibirsk, September 5-9, 2022

Dear Colleagues!

On behalf of the Organizing Committee we cordially invite you to attend the 10th International Voevodsky Conference on Physics and Chemistry of Elementary Chemical Processes (VVV-2022) to be held in Novosibirsk, Russia, in September 2022.

VVV-2022 will be dedicated to the 105th birth anniversary of Academician Vladislav V. Voevodsky. A special session will be convened to commemorate VVV.

Conference Scope

1. Magnetic Resonance Spectroscopy and Magnetic Field Effects
2. Chemical Kinetics and Spectroscopy
3. Quantum and Theoretical Chemistry
4. Molecular Dynamics
5. Combustion and Energetic Materials
6. Chemical Physics in Biology and Medicine
7. Organic Photovoltaics

The scientific program will include plenary lectures, oral talks, and poster sessions in a hybrid in-person/online format. More details will be available in [May, 2022](#).

Confirmed Speakers

Nobel laureate, Prof. Roald Hoffmann (NY, USA)
Prof. Elena G. Bagryanskaya (Novosibirsk)
Prof. Vsevolod I. Borovkov (Novosibirsk)
Prof. Michael K. Bowman (Alabama, USA)
Acad. Valery N. Charushin (Ekaterinburg)
Prof. Vladimir Dyakonov (Würzburg, Germany)
Prof. Sergey A. Dzuba (Novosibirsk)
Prof. Matvey V. Fedin (Novosibirsk)
Prof. Günter Grampp (Graz, Austria)
Prof. Nina P. Gritsan (Novosibirsk)
Prof. Aleksander I. Kokorin (Moscow)
Prof. Igor V. Koptuyug (Novosibirsk)
Acad. Vadim Y. Kukushkin (St. Petersburg)
Acad. Kev M. Salikhov (Kazan)
Prof. Anatoly F. Vanin (Moscow)

Venue

Voevodsky Institute of Chemical Kinetics and Combustion SB RAS, Novosibirsk, Russia.

Key Dates

Start of registration: 25.01.2022
Abstract submission: 15.02 – 01.06.2022
Registration fee payment: 01.06 – 25.08.2022

The Conference language is English.

Organizing Committee

Conference Chair:

Acad. Renad Z. Sagdeev (International Tomography Center SB RAS)

Vice-Chairs:

Prof. Andrei A. Onischuk (Voevodsky Institute of Chemical Kinetics and Combustion SB RAS)

Prof. Elena G. Bagryanskaya (N.N. Vorozhtsov Novosibirsk Institute of Organic Chemistry SB RAS)

Scientific Secretary:

Dr. Alexandra P. Pyryaeva (Voevodsky Institute of Chemical Kinetics and Combustion SB RAS)
